

APPLICATIONS FOR RAMP'S SPRING 2023 COHORT ARE NOW OPEN!
APPLICATIONS CLOSE FEBRUARY 12

RAMP offers a 12-week program twice a year for technology and health & life science companies featuring:

- \$20,000 in equity-free funding
- 1:1 expert mentoring
- Access to industry experts
- Free office space with high-speed internet access
- Free membership in:
 - the Roanoke-Blacksburg Technology Council (RBTC) for two years
 - GAN for the lifetime of your company - each founder is given access to playbooks, mentors and other resources including over \$1M worth in perks
 - the Shenandoah Club for three years
 - VA Bio for one year*
- Discounted office space following your completion of the program
- Three additional years of ongoing support through Exit RAMP - a suite of ever-growing and developing coaching and support services!

Throughout the program, you will have the opportunity to focus your intellectual and human capital through objective market validation using proven innovation processes. Far more than customer discovery, the proven curriculum developed for global technology companies provides tools to translate market feedback into actionable business intelligence. Through your work, we will assist in introductions to key financial capital channels, mentors, coaches and partners, including angel, VC, grant-making agencies, bankers and others seeking to invest in startups.

*Specific to Health & Life Science Companies
